

# Your Hybrid Workforce Experts

## **Get the headcount your facility needs**

---

MyWorkChoice is a fully managed W-2 staffing solution that solves the issues of hiring shortages, absenteeism, overtime costs, and scalability.

### *How?*

By leveraging data and technology to determine the behavior of hourly workers and building a hybrid workforce of full and part-time temp labor to fill your open order and absentee headcount - all in real-time.

## We know how to make flexibility work for your facility.

---

With over 30 years of industry experience, MyWorkChoice has figured out how to manage the chaos of today's workforce.

Utilizing full shifts, half shifts and, most importantly, days off when workers choose - we developed a new way to work for hourly employees.

By tracking your daily absenteeism, we can build a community of workers who pick up shifts from a smartphone app that we manage for you, ensuring it's completely turnkey.

**The company that can offer flexibility, manage it, and make it successful is the company that's going to win in today's market."**

President, MyWorkChoice

# How It Works

Hourly workers are going to take time off - from a parent making it to a child's soccer game, to caring for an aging relative.

Instead of losing an entire day of work - or the worker altogether - give them the option to drop their shift and let MyWorkChoice backfill for those hours.

Problem solved!

## Real Problems - Real Solutions

Augustus needs Wednesday off to take his son to the doctor.

He drops the shift the night before through the MyWorkChoice *Plus* app.

Arcaley sees the new opening and picks up the extra hours she's been needing.

# Know Exactly Who's Working Ahead Time

MyWorkChoice *Plus* takes the guesswork out of your own workforce. Easily view upcoming shift details such as check-ins, hour totals, and call-outs - along with seeing backfill and temporary labor schedules 24/7.

# Tech Empowered Staffing

---

## Identify Employee Patterns

Put your hourly workforce onto the MyWorkChoice *Plus* app and identify absenteeism patterns – by department, position, and shift.

## Build a Community

Using data and technology based on your hourly employee work habits, we determine the perfectly sized community of workers to fill your production needs.

## Recruit, Hire, & Schedule

MyWorkChoice virtually recruits, hires, and schedules your custom W-2 temporary workforce based on your needs – in under two weeks.

## 24/7 Real-Time Information

Access MyWorkChoice *Plus* dashboards to view call-outs from your own workforce, along with backfills and temporary labor schedules.

## Employee Star Rating

We gamify positive work behavior through our star rating system that gives the most reliable employees first-shot at the best shifts.

# Hear From Our Partners

"MyWorkChoice has been a tremendous win for us. Last year was one of the busiest years in history and trying to find enough staff to keep up with the growth of our business."
